TWO YEARS LATER: The Fight to Free Ajay Dev is Stronger Than Ever

Hundreds of people would NEVER support a convicted rapist! Hundreds of people ARE supporting Ajay Dev because they know he is INNOCENT of these crimes. In fact, **714** people have already signed a petition asking for the case against Ajay Dev to be investigated—claiming his innocence! See the petition at: http://www.change.org/petitions/stop-the-epidemic-of-injustice-in-yolo-county-free-ajay-dev

People are so convinced that Ajay Dev is innocent that they are willing to do more than sign a petition… people are assembling to make these claims to the public on Wednesday, July 13, 2011, at Freeman Park in Woodland, CA at 6:00 p.m. At the assembly you will get:

- First hand accounts from witnesses who will explain how they know without a doubt that Ajay Dev is innocent.

- Actual testimony will be read from the court transcripts and evidence will be discussed that will show that the accuser was lying.
